

PORT OF DUNDEE LIMITED

NOTICE TO MARINERS NO 02/2007.

EAST COAST OF SCOTLAND

RIVER TAY

Temporary Aircraft Warning Light

For information mariners are advised that final section of the buoy construction on Prince Charles Wharf will be installed on or around the 9th June. This will bring the height of the construction to approximately 60 metres above quay height. Approximately 67 metres above LAT.

When the above structure is in place an aircraft warning light will be fitted to the top of the mast section, flashing with an intensity of 2000 candelas.
