

Marine Safety Alert

Alert No: 013

Date: 02/02/2016

The Importance of Bridge Team Management

Forth Ports would like to re-iterate the importance of good **Bridge Team Management**.

Passage planning and sound bridge management techniques are an essential aspect to successful navigation.

A well-executed voyage requires proper planning, situational awareness, effective communication and good teamwork by ALL PERSONS involved from top to bottom and from ship to shore.

A shared mental model is vital for a communal understanding of the plan.

Think something. Say something. Do Something.
