

Port of Tilbury (London) Ltd. Notice to Mariners – No. 3 of 2019

ESSENTIAL REPAIRS ON LOWER ARM

Mariners are advised that emergency repairs will be carried out on the lower arm from the 28th of January 2019 and they are expected to be completed within two weeks.

The work will mainly involve the use of a crane with a man basket working from the lower arm. A workboat from Palmer Marine Services (KGII or Rona D) will be attending to help with the repairs and there will also be a small safety boat. These repairs should not compromise shipping but Mariners are advised to navigate with caution.

VHF channels will be monitored by the contractor during all operations.

Further information will be available by contacting the Duty Officer at Tilbury Lock Office on telephone 01375 852456 and VHF Channel 04.
