

# MERRY *Christmas*

and a Prosperous New Year

From everyone at

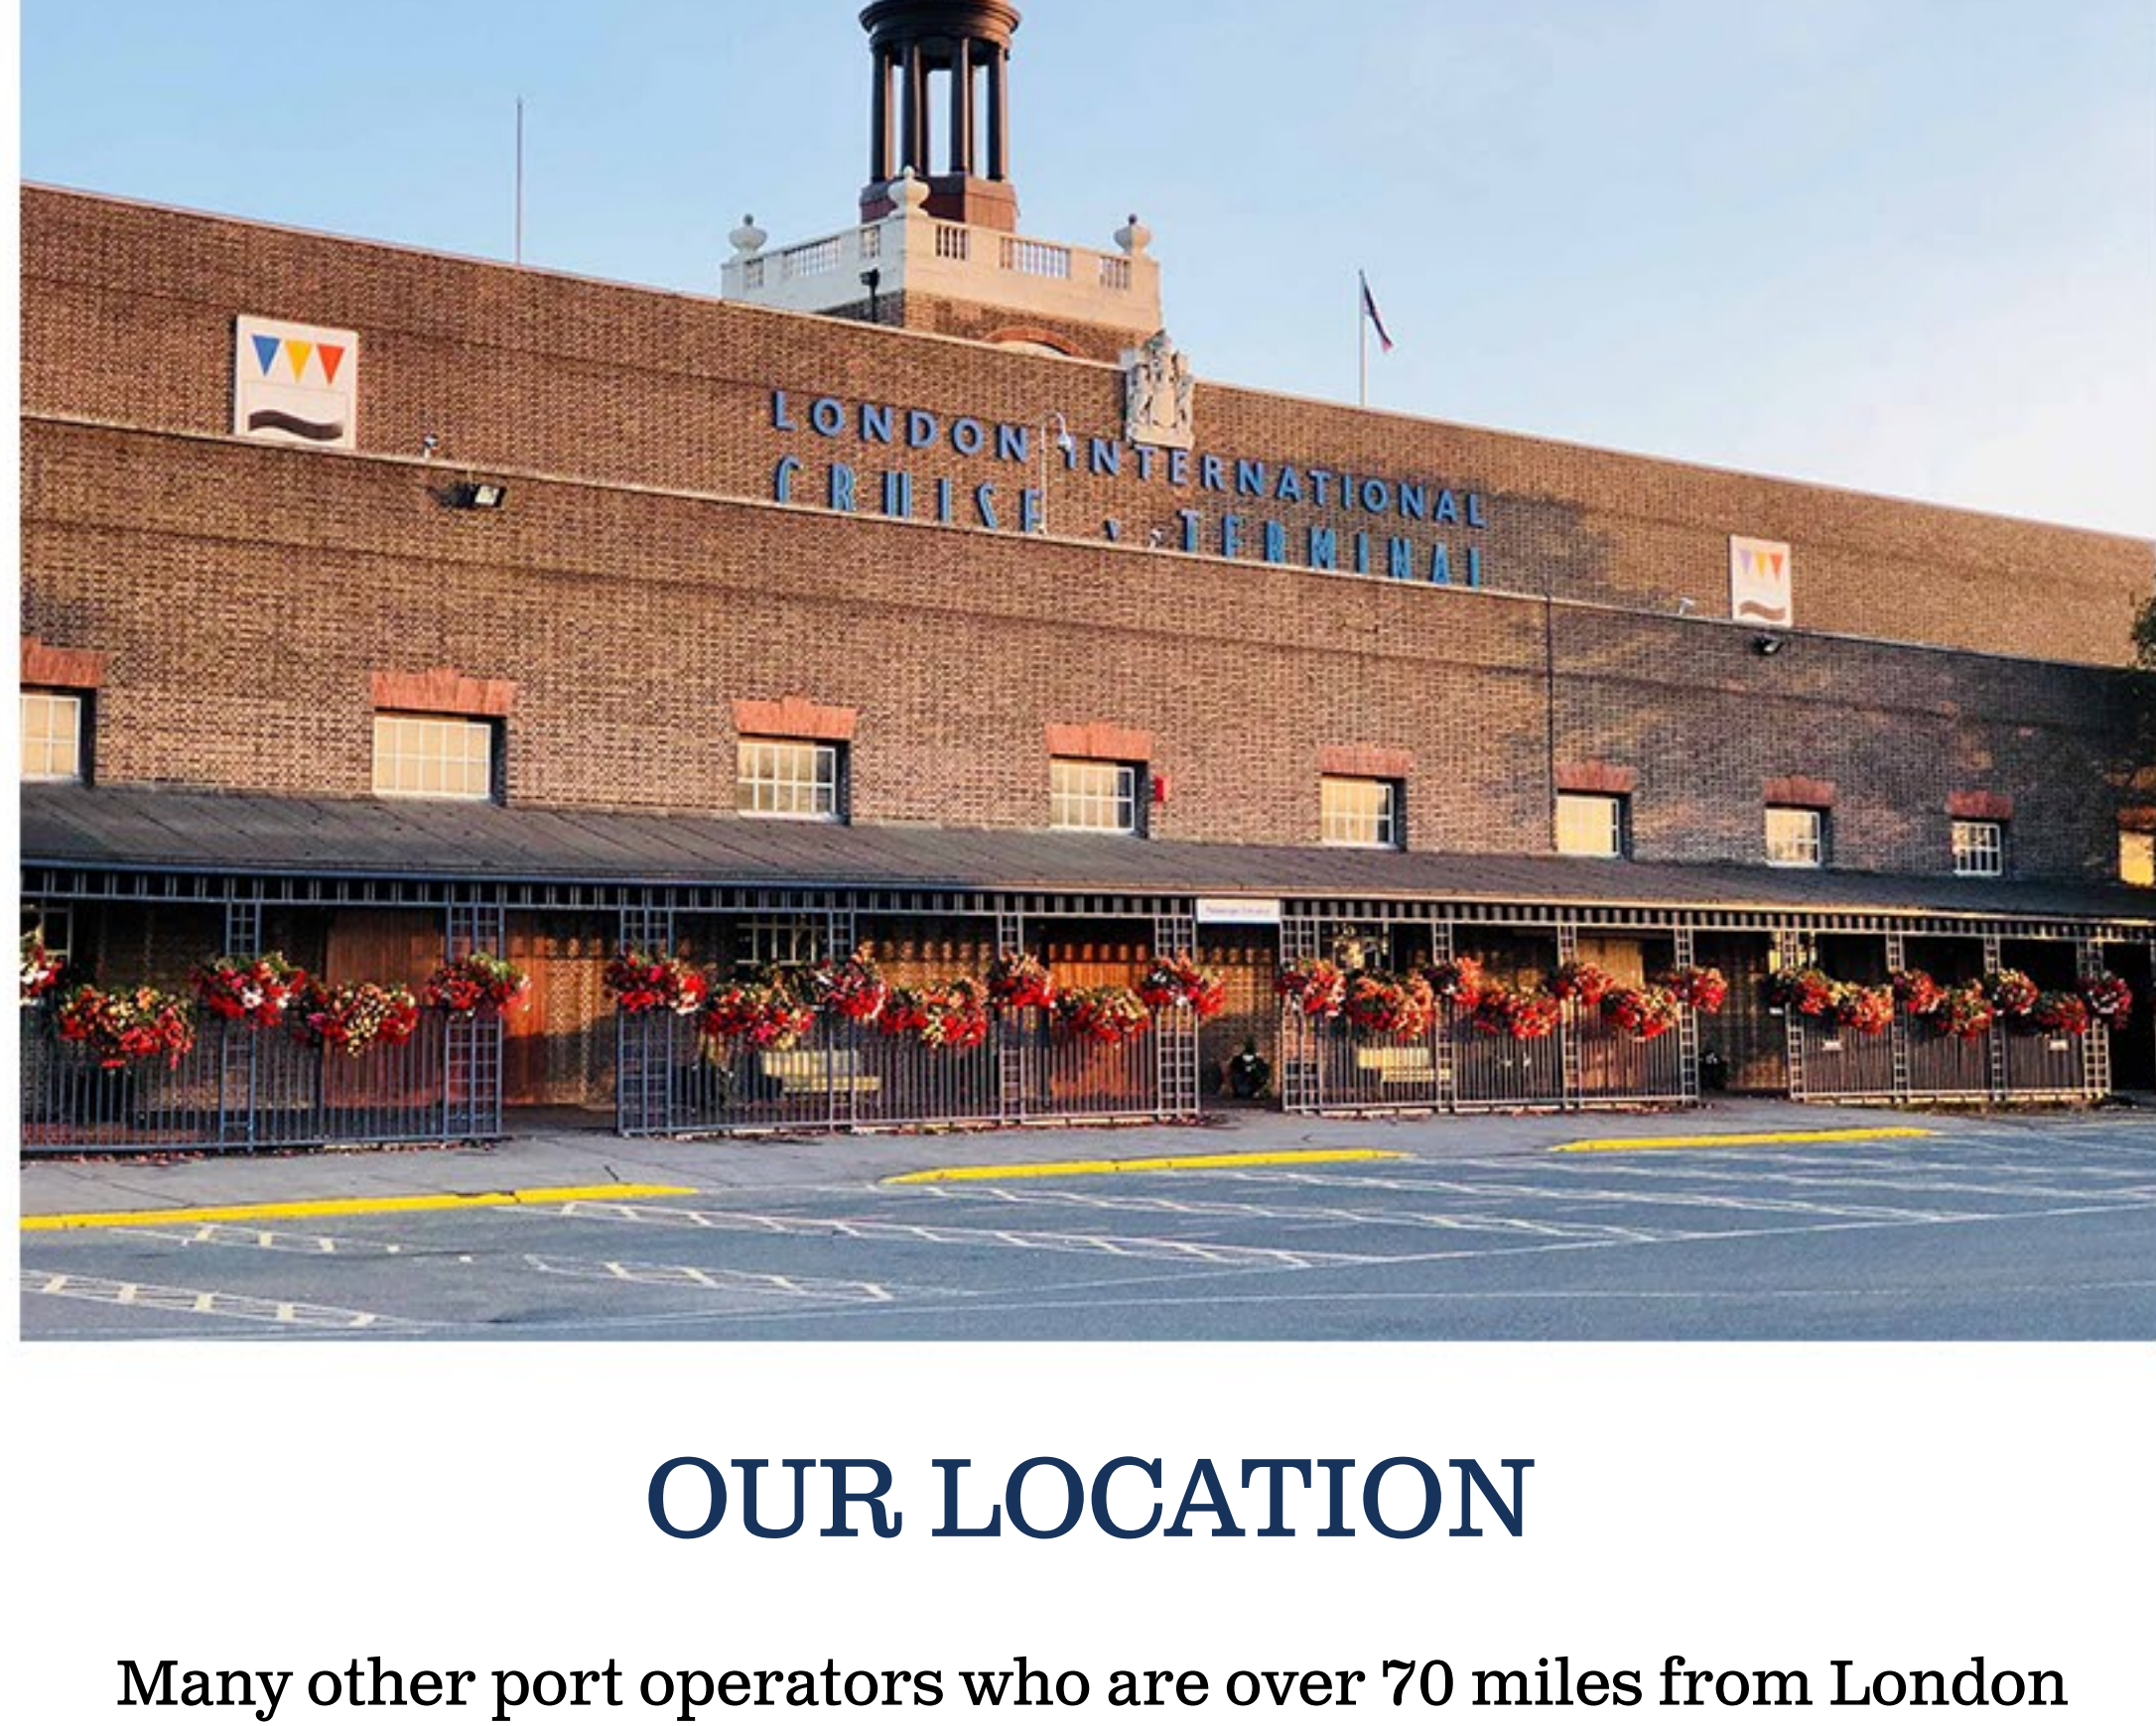

This year has seen nearly 200,000 passengers pass through our London Terminals in Tilbury, Greenwich and Tower Bridge.

Capital Cruising is the only Port operator with access to the heart of London and Edinburgh giving opportunity to visit world class museums, heritage sights, theatres, shopping and some of the finest royal parks in the UK.

## THAMES CLIPPER

Working with Thames Clipper who have passenger jetties along the Thames giving your passengers first-class river transport into the capital while viewing some of the most significant city landmarks.

## OUR LOCATION

Many other port operators who are over 70 miles from London promote themselves on their location to the city, Capital Cruising is the only true operator centrally located to give your passengers access to this world-class destination.

INFORMATION

## EXCITING NEWS FOR 2020

We pleased to welcome maiden voyages from Ritz Carlton, Crystal Cruises, Hurtigruten and Windstar.

## 2019 INVESTMENT

We continue to make a significant investment in our historic 1930's art deco grade 2 star listed building and this year has seen significant spend on the floating landing stage and purpose-built car parking for cruise passengers.

## CORPORATE SOCIAL RESPONSIBILITY

This year has seen the community come together to celebrate the anniversary of the arrival of the Empire Windrush in Tilbury with a fantastic carnival that wound its way through the streets of Tilbury ending up at the Cruise Terminal.

We have also been very pleased to have had the Seafarers Mission running our cruise café for a year raising funds for the Queen Victories Seamen's Rest which does fantastic work supporting seafarers that arrive in London.
