NOTICE TO MARINERS FIRTH OF FORTH

GRANGE DOCK

GANTRY CRANE 4 - BOOM WORKS

Gantry Crane 4 (GC4) will undergo a period of essential maintenance works which will require the crane boom to remain in the lowered position for a period of **up to 3 days**, these works will commence on **Tuesday 02nd March 2021**.

During this period the gantry crane will remain between bollard 7 and bollard 8 on West Berth and be unable to lift its boom and will at times have the crane wires hanging down from the boom to the waterline. GC5 will not be in use during this time and will be stored in last box mark position until works are complete.

Container operations will continue during this period using GC6.

All vessels will berth east of ballad 9. Unless specifically pre-planned otherwise.

Controlled communications via FTNS will ensure that personnel are clear of the crane for vessel movements within its vicinity.

Pilots / Masters are to dynamically assess conditions on the day and raise alternative tug and/or layby options with FTNS as appropriate.
