

# Marine Safety Alert

Alert No: 18 (Tay Issue of SA17)

Date: 12<sup>th</sup> August 2016

## Regulations for Commercially Operated Craft.

Port of Dundee would like to remind all operators and owners of craft operating in a commercial capacity that they are obliged, by law, to adhere to local and national legislation when navigation within our jurisdiction.

All of our legislation and other such information can be found using the Forth Ports website.

It is the owners and operators responsibility to be familiar with and to facilitate our requirements & procedures.

As part of our Port Marine Safety Code we have issued “General Direction 14 (GD13) – Registration of Commercial Craft”, which aims to ensure commercial craft are properly maintained, equipped and manned and used only for purposes which they are capable. All commercial operators with craft, boats or small vessels working on the Tay are therefore required to register their craft with Port of Dundee on an annual basis. Port of Dundee will, where deemed appropriate, conduct inspections of such craft, such inspections being based on national standards, laws, agreed code of practice, manufacturer’s handbooks and other similar information.

Port of Dundee would like to use this opportunity to sincerely thank the vessel owners and operators who are fully compliant.
