**NtM No 42 of 2022**

**26<sup>th</sup> May 2022**

### **NOTICE TO MARINERS**

#### **Firth of Forth**

#### **Forth Road Bridge Works**

Mariners are advised that commencing on or around the 30<sup>th</sup> May 2022 is the next phase of the Forth Road Bridge Span Under Access Improvements. These works will continue until November 2022.

The works area extends for approximately 175 metres northwards from the south main tower of the Bridge.

The works will involve the upgrading of the existing walkways beneath the deck of the Bridge and will be undertaken once a full scaffolding system has been installed. Prior to the installation of the scaffolding, debris netting will be put in place, and this will remain in-situ until the works are completed. During the installation of the debris netting and scaffolding a safety boat will be on station.

These works do not encroach on the shipping channel and the works area and scaffolding will be within the envelope of the stiffening truss of the Bridge.

If further details are required these may be sought from Bear Scotland's central control room – 0131 3193083.

**Greg Macintyre**
