NOTICE TO MARINERS

FIRTH OF FORTH

Inchcape Offshore Windfarm Seabed Preparation Works

Mariners are advised that seabed preparation activities will commence within the Inch Cape Offshore windfarm and its export cable corridor on or around the 30th March in the areas indicated in fig.1. These works are expected to be completed by November 2025.

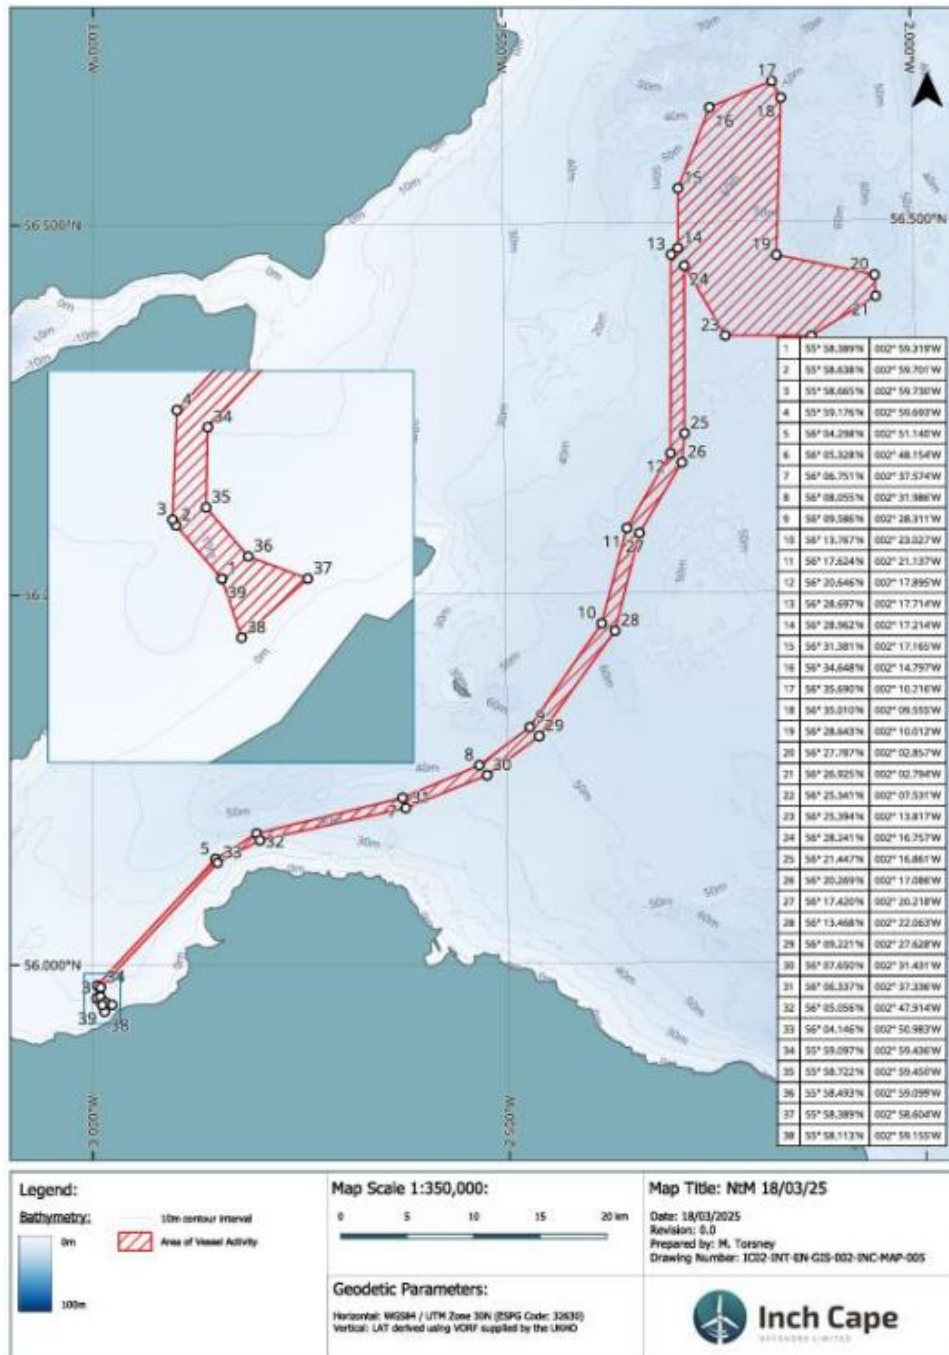

The work will be carried out by the vessels “FS Aries” expected to arrive on or around the 30th March and “4-Winds” expected to arrive on or around the 4th April. The vessels will maintain a listening watch on VHF Channel 71 and 16 whilst operating West of the Eastern Limits and advise Forth & Tay Navigation service of all movements within the area of Forth Ports Authority.

The seabed preparation works will include the relocation of any boulders and the identification and mitigation of any unexploded ordinance (UXO) which may affect the installation of offshore structures, inter-array cables and export cables.

Any applicable safety zones will be communicated in due course.

Further information can be found on the [Inch Cape Offshore Fisheries and Mariners Page](#).
